Bassam Al-Sultan

Cybersecurity Student | *Digital Forensics · Incident Response*

balsltan554@gmail.com +966 50 966 5997 linkedin.com/in/bassam-cys

PROFESSIONAL SUMMARY

Cybersecurity student at King Khalid University specializing in digital forensics and incident response (DFIR). Certified in eCDFP, eCIR and CompTIA Security+. Hands-on with disk and memory forensics, SIEM monitoring and network packet analysis. Seeking a co-op internship (Jan – Jun 2027) in DFIR, SOC, incident response or digital forensics investigation.

EDUCATION

King Khalid University *2023 – Jun 2027 (expected)*

Bachelor's degree in Cybersecurity, Digital Forensics track

CERTIFICATIONS AND AWARDS

eCDFP, Certified Digital Forensics Professional, *INE Security* *Aug 2026*

eCIR, Certified Incident Responder, *INE Security* *Sep 2026*

CompTIA Security+ (SY0-701), *CompTIA* *Feb 2026*

Certificate of Appreciation, General Administration of Cybersecurity, *King Khalid University*

TECHNICAL SKILLS

Security: Digital Forensics, Incident Response, Network Security, Malware Analysis, Penetration Testing, Cryptography

Tools: Autopsy, FTK Imager, Volatility, Wireshark, Splunk, Wazuh, Linux

Programming: Python, Java, C

PROJECTS

Smart-Home IoT Forensics Case *May 2026 | Team of 5*

- Built a simulated smart-home IoT network in Cooja (Contiki-NG) and investigated a data-injection attack against it.
- Collected cloud logs and a PCAP, protected evidence with SHA-256 hashes, identified the attacker's device in Wireshark and wrote the final report.

CYBERMAN, *Deepfake Forensic Verifier* *May 2026 | cyberman-eta.vercel.app*

- Web tool that detects deepfakes and AI-generated images and videos.
- Creates a report with confidence scores and a heatmap.

EXPERIENCE AND TRAINING

Cybersecurity Trainee, *KAUST Academy* *Jan 2026 and Jun – Jul 2026*

- 160-hour program with Site and the National Cybersecurity Authority (NCA), at KAUST and King Khalid University.
- Covered digital forensics, malware analysis, IoT and network security, web security and penetration testing.

Cybersecurity Incident Response, *Virtual Experience, Misk Foundation and stc* *Jun 2025*

- 7-hour program on incident analysis, incident reporting and response procedures.

LEADERSHIP AND VOLUNTEERING

- **Organizing Committee Head**, *Cybersecurity Club, King Khalid University*
- **Organizing Team Member**, *GDG on Campus, King Khalid University* (2025 – 2026)
- **Participant**, *Programming Club and Technology Club, King Khalid University*
- **Volunteer**, *National Center for Non-Profit Sector*: 929 certified hours

LANGUAGES

Arabic (native), English (professional working proficiency)
